

Magnesium Calendar

How to add the calendar to thunderbird is described here:

<https://twiki.iqo.uni-hannover.de/Main/CalendarServer>

The Address you have to add in thunderbird is:

<https://calendar.iqo.uni-hannover.de/caldav.php/mg/calendar>

You can also add the calendar to your Android Phone. Just download [CalDAV sync free](#) and add the URL to the calender in Settings/Accounts/Add Account/CalDav Sync Adapter

Calendar- Rules

What we should list in the calender:

- Vacation
- Meetings with Ernst
- Important Talks
- Busines trips
- and dates which concern the whole group
