

Jour Fixe

SS, WFP, PG, kHz, Nishad

- General
 - Zello channel: Ober quIS-g with password iqrox
- Simulation
 - Checking the script against the paper
 - But only observe heating with the parameters of the paper
- Philipp
 - 600 mW input infront of SHG
 - 100 mW in blue (with no IR filter yet)
 - Will check, if the 100 mW are blue only
- ResLab
 - Worked on comb and JC talk
