

Jour Fixe

WFP, SS, PG, Nishad, NJ, kHz

Atoms lab

- 1W of magic power! (With option for more after optimization)
- SWAP
 - Some problems with SHG2 powe.

Reslab

- Metamirror
 - Measured 24 surfaces over 200 nm
 - One surface has a very high and promosing reflectivity $\times 100\%$
- Last time for now to PTB
- NJ + SS meeting for getting ResLab back and running
