

Jour Fixe

NJ, WFP, SS, TK

General

- NJ submitted poster for QF-GA
- Prepare labs for laser safety visit
- Maser transport on wednesday

Atoms Lab

- NJ ran sideband scans and waist measurements → not analyzed yet
- CODT set up with power ratio 60/40 in the original/new path
- Shift of atoms when performing spectroscopy in ODT can be utilized to check if proper CODT and to adjust the waist position
